Our story started in year 2007 from Chandigarh, one of the earliest planned cities in India designed by Swiss-French architect Le Corbusier. Founded by a visionary & young entrepreneur Jagjit Singh. Alna is our rising star on horizon of natural cosmetics & wellness manufacturing industry in India. Alna is a **research based OEM contract manufacturing & private label manufacturer** which is well accepted by many recognized cosmetic groups because of the ease, practicality and quality assurance. We offer all kinds of cosmetics production services begins from **hair care, skin care, face care, body care & Well ness** products
